REFURBISHMENT
SMART GLAZING**

PLUS • NEWS • PROJECTS • AND MORE

Erie Basin, Salford Quays, Manchester

Architectural glazing systems by leading UK manufacturer Kawneer were specified for their “robustness and quality” for two linked 16-storey apartment blocks on the last plot to be developed in one of Britain’s fastest-growing property hot spots.

Kawneer’s AA®100 curtain walling features as strip curtain wall to copper-coloured rainscreen areas of the £37 million BTR (Build To Rent) towers at Erie Basin in Salford Quays, Manchester, a stone’s throw from MediaCityUK.

Portopiccolo Spa, Sistiana, Italy

Renamed as the Italian Monte Carlo, Sistiana Portopiccolo is a complex of 460 houses overlooking the sea, with shops, a five star hotel, five salt water pools and parking spaces carved into the rock. The complex is equipped with a wellness center of 9000 square meters, complete with spa area designed by wellness design specialists, Studio Apostoli.
