WELLGATE

DESIGN: ALBERTO APOSTOLI

Designed by Alberto Apostoli for Myrtha Wellness—the wellbeing division of Myrtha Pools—WellGate is a versatile, fully customizable wellness system conceived to meet the evolving demands of contemporary hospitality and wellness environments.

Engineered for seamless integration into a wide range of facilities, WellGate features a modular composition that allows for efficient installation and maximum design flexibility. Its adaptability makes it an ideal solution for projects seeking both performance and aesthetic coherence.

The system reflects the extensive expertise of architect Alberto Apostoli, internationally recognized for his deep understanding of the wellness and hospitality sectors. It is further supported by Apostoli Design, part of the Apostoli Group—the multidisciplinary practice founded by Apostoli—ensuring a holistic, research-driven approach to wellbeing design.
